TIES with financial support from the New Hampshire Orchid Society, USA and book donations from members of San Francisco Orchid Society (convened by Ms. Mary Gerritsen), have created a first of its kind library dedicated to orchids at the Ecological Research Campus of the Tropical Institute of Ecological Sciences, Kottayam under the guidance of project investigator, Dr Jis Sebastian.

The open orchid library shelters books on orchids- taxonomy and systematics, biotechnology, ethnobotany, farming, ecology and conservation- for researchers, orchid enthusiasts and the public. Digital orchid library may be accessed using the link <https://www.ties.org.in/ORCHID-LIBRARY>
